

High-speed 8Mbits/s broadband and internet packages

We offer a range of comprehensive broadband and internet packages for remote support customers that all include:

- 1 unlimited 8 megabyte broadband line
- 1 static IP address
- 2 domain registrations with web hosting
- SMTP or POP3 mail delivery
- ASP (allowing dynamic content on your website)

Packages	Download Limit	Monthly Charge
Office	None	£40.00
Premium	None	£50.00
Premium +	None	£55.00
Non-support customer	None	£45.00 Office £55.00 Premium £60.00 Premium +

Why choose premium?

The premium service provides higher download speeds than the standard service when there is congestion. This service is suitable for businesses who rely extensively on the Internet.

Premium + includes advanced mailbox for four users, providing virus scanning, spam filtering, roaming SMTP, and 100 megabytes of mailbox space.

Need more....

If you need more broadband lines, domains, or advanced mailboxes, just let us know what your business needs and ask us for a customised package.
